.....

CAC Asia Summit was successfully held in Mumbai, Bangkok and Jakarta with high reputation and strong influence in Thailand and Asian countries, hosted by CCPIT Sub-Council of Chemical Industry (CCPITCHEM). The change of China's agrochemical industry affects the supply pattern of global agrochemical products, and the exhibition has received great attention and active participation from buyers from neighboring countries.

It is an annual tradeshow and ac-cumulatively had 600+ agrochemical exhibiting companies from China, India, Thailand, Vietnam, Indonesia, Malaysia, Australia, UK, Germany and Egypt, and attracted nearly 3500 professional visitors from over 60+ countries and regions, becoming a well-known international agrochemical trade platform in Asia.

CAC Asia Online is launched to create convenient exhibiting platform, widely invite global clients, enhance communication with 400+ exhibiting companies, and promote international exchange and cooperation during Pandemic.

What benefits you can expect

- ◆ Benefit from global resources of CAC Asia and CAC Show, connect with suppliers without leaving home.
- ◆ Learn more about suppliers through their introduction, product display, news and video.
- ◆ Select products and suppliers through the search toolbar, and easily connect with suppliers after registration.
- ◆ Stay up to date with the latest changes on registration policy, market trends and other hot topics during Pandemic.
